

NEWS FROM STI

STI COMPUTER SERVICES ANNOUNCES A PARTNERSHIP WITH THE MEDICAL SOCIETY OF NEW JERSEY (MSNJ) TO PROVIDE INFORMATION TECHNOLOGY MANAGED SERVICES AND CYBER-SECURITY FOR THEIR MEMBERSHIP.

FOR IMMEDIATE RELEASE

The Medical Society of New Jersey Partners with STI Computer Services to offer comprehensive IT support and cybersecurity services to its member practices.

Eagleville, PA — **October 13, 2025** STI Computer Services, Inc, a leading provider of healthcare IT solutions, is proud to announce a strategic partnership with The **Medical Society of New Jersey (MSNJ)** to provide comprehensive IT support and cybersecurity services to MSNJ member practices. This collaboration empowers New Jersey physicians with the tools, protection, and technical expertise needed to navigate today's complex digital healthcare environment.

Key Benefits of the Partnership Include:

- **Advanced Cybersecurity:** 24/7 threat monitoring, data encryption, and staff training to prevent breaches and ensure HIPAA compliance.
- **Centralized IT Support:** Help desk services, software updates, and network management tailored to healthcare workflows.
- **Cost-Effective Solutions:** Scalable, subscription-based pricing that reduces overhead and eliminates the need for in-house IT teams.
- **Regulatory Compliance Assistance:** Support for audits, documentation, and adherence to healthcare regulations.
- **Exclusive Member Perks:** Special pricing, onboarding support, and priority access to new technologies.

About The Medical Society of New Jersey

MSNJ is the oldest professional medical society in the United States, with more than 6,500 members. MSNJ is the leading advocate for physicians in the state of New Jersey, including physicians in every specialty and practice setting. Its mission is to promote the betterment of public health and the science and art of medicine, to enlighten public opinion in regard to the problems of medicine, and to safeguard the rights of the practitioners of medicine.
